APPENDIX 9: INVENTORY OF FEDERAL GRANTS RELEVANT TO RURAL HEALTHCARE ACCESS

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
1	Small Rural Hospital Improvement Grant (Health Resources and Services Administration-HRSA)	• Wyoming Department of Health ➢ Fiscal Year (FY) 2003: $164,052	• Provides funding to small rural hospitals to help them: ➢ Pay for costs related to the implementation of the Prospective Payment System ➢ Comply with provisions of HIPAA ➢ Reduce medical errors and support quality improvement
2	Rural Health Flexibility Grant (HRSA)	• Office of Rural Health ➢ FY 2003: $379,300	• Allows small hospitals to reconfigure operations and become designated as Critical Access Hospitals • Offers cost-based reimbursement for Medicare acute inpatient and outpatient services • Encourages the development of rural-centric health networks • Offers grants to states to help implement a Critical Access Hospital program in the context of broader initiatives to strengthen the rural healthcare infrastructure

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
3	State and Regional Primary Care Association Supplemental Grant (HRSA)	• Wyoming Primary Care Association, Inc. ➢ FY 2004: $54,915 ➢ FY 2003: $75,000 ➢ FY 2002: $175,000 • Wyoming Primary Care Office ➢ FY 2002: $100,000	• Supports Primary Care Associations to help them: ➢ Strengthen health centers in communities across the nation ➢ Create new or expand health center sites ➢ Increase the number of people served annually
4	Universal Service Administrative Company, Rural Health Division, 2003 Funding Commitments (Federal Communications Commission)	• Seven sites in Wyoming ➢ FY 2003/2004: $62,856	Subsidizes the cost of broadband connections for healthcare

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
5	Rural Access to Emergency Devices (RAED) Grant (HRSA)	• Wyoming Department of Health ➢ FY 2003: $259,734	• Provides funding to rural communities to purchase automated external defibrillators (AEDs) and provide training in their use and maintenance • Awards to community partnerships, defined as: ➢ First responders (e.g. emergency medical services, law enforcement, fire department) ➢ Long-term care facilities ➢ Rural health clinics and community health centers ➢ Post-offices, libraries and other civic centers ➢ Athletic facilities ➢ Senior citizen and day care facilities ➢ Faith-based organizations ➢ Schools without AEDs

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
6	State Office of Rural Health Grant (HRSA)	• Wyoming Office of Rural Health ➢ FY 2003: $62,028	• Creates state offices of rural health. A local office's mission is to rural communities is to: ➢ Build healthcare delivery systems ➢ Collect and disseminate information ➢ Provide technical assistance ➢ Help to coordinate rural health interests statewide ➢ Support efforts to improve recruitment and retention of health professionals
7	Rural Health Network Development Grants (HRSA)	Wyoming is not a recipient of this grant.	• Promotes, through planning and implementation the development of integrated healthcare networks that: ➢ Achieve efficiencies ➢ Expand access to, coordinate and improve the quality of essential healthcare services ➢ Strengthen the rural healthcare system as a whole

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
8	Rural Health Network Development Planning Grants (HRSA)	Wyoming is not a recipient of this grant.	• Provide one year of funding to rural communities that seek to: ➢ Develop an integrated healthcare network through the above Network Development grants, but do not have a significant history of collaboration ➢ Develop a network that is interested in coordinating health services in rural areas
9	Frontier Extended Stay Clinic (FESC) Cooperative Agreement Program (HRSA)[1]	There are no facilities in Wyoming that qualify for this grant.	Examines the effectiveness and appropriateness of FESCs in providing healthcare services in remote locations

[1] This program is a part of the Rural Network Development Grant

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
10	Telehealth Network Grant Program (Office for the Advancement of Telehealth)	• Wyoming Department of Health ➢ $1,515,000 for one year beginning September 2004	• Demonstrates how telehealth technologies can be used through telehealth networks in rural areas, frontier communities, medically underserved areas and for medically underserved populations. • Attempts to: ➢ Expand access to, coordinate and improve the quality of healthcare services ➢ Improve and expand the training of healthcare providers ➢ Expand and improve the quality of health information available to healthcare providers, patients and their families for decision-making
11	Project Grants for Facilities to Improve the Health Status of Minority Populations (Office of Minority Health)	St. John's Hospital in Teton County applied for funding in July 2004 and was denied.	Provides funding to construct, renovate, expand, repair, or modernize facilities designed to promote the improvement of the health status of minority underserved communities and populations

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
12	Technical and Non-Financial Assistance to Health Centers and National Health Service Corps Delivery Sites (HRSA)	Indeterminate	• Provides assistance to health centers across the state or region to: ➢ Collaborate activities on state, regional, or market area levels ➢ Involve state agencies in assuring primary care to medically underserved populations ➢ Develop shared services and joint purchasing arrangements ➢ Provide or arrange for: 1. Training 2. Assessment of community health center needs 3. Expertise in dealing with homeless, public housing, farm workers, children, rural health and other special populations 4. Management and maximization of nonfederal resources ➢ Expand the health center network and ensure high quality care in health centers

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
13	Primary Care Services Resource Coordination and Development(HRSA)	Indeterminate	• Coordinates local, state, and Federal resources contributing to primary care service delivery and workforce issues in the state to meet the needs of medically underserved populations through health centers and other community-based providers of comprehensive primary care • Coordinates the retention, recruitment, and oversight of health professions for medically underserved populations
14	Development and Coordination of Rural Health Services (Office of Rural Health Policy, HRSA)	Indeterminate	• Builds infrastructure through workshops, conferences, etc. • Develops and provide information to a wide audience • Increases awareness of Federal and state resources • Builds partnerships between Federal and state governments
15	Research of Healthcare Costs, Quality, and Outcomes (Agency for Healthcare Research and Quality)	Wyoming is not a recipient of this grant.	• Supports research and evaluations, demonstration projects, research networks multidisciplinary centers and dissemination of information on healthcare and on systems for the delivery of such care involving: ➢ Quality, effectiveness, efficiency and

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
			value of healthcare services ➢ Quality measurement and improvement ➢ Outcomes, cost, cost-effectiveness, and use of healthcare services and access to such services ➢ Clinical practice, including primary care and practice-oriented research ➢ Healthcare technologies, facilities and equipment ➢ Healthcare costs, productivity, organization, and market forces ➢ Health promotion and disease prevention, including clinical preventive services ➢ Health statistics, surveys, database development, and epidemiology • Focuses on healthcare and its delivery in the inner city, in rural areas, and for priority populations (low-income groups, minority groups, women, children, the elderly, and individuals with special healthcare needs)

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
16	Indian Health Service Health Management Development Program (IHS)	Wyoming Indian Health Services receives $20 million per year through congressional appropriation, which funds many of the Indian Health programs.	• Improves the quality of the health of American Indians and Alaska Natives by providing a full range of curative, preventive and rehabilitative health services • Improves the management capability of American Indians and Alaska Natives to assume operation of all or part of an existing IHS direct-operated healthcare program
17	Community Access Program (Bureau of Primary Healthcare, HRSA)	Indeterminate	• Provides assistance to communities and consortia of healthcare providers and others to develop or strengthen integrated community healthcare delivery systems that coordinate healthcare services for individuals who are uninsured or underinsured • Develops or strengthens activities related to providing coordinated care for individuals with chronic conditions who are uninsured or underinsured
18	Injury Prevention Program for American Indians and Alaskan Natives (IHS)	This program is funded by about $5,000 from the IHS budget.	Improves the quality of the health of American Indians and Alaska Natives by developing the capacity of tribes to address their injury problems

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
19	Indian Self-Determination (IHS)	The Arapahoe and Shoshone Tribes together use about $2.5 million from the IHS budget towards alcohol and substance abuse, tribal health management and Community Health Representative programs.	• Enables Indian tribes to assume the management and operation of programs, functions, services, and activities for the delivery of healthcare to Indian people • Enters into a self- determination contract or contracts with Indian tribes or tribal organizations interested in transferring the responsibility for the administration and provision of health services from the government to tribal leadership
20	Healthcare and Other Facilities Renovation or Construction Projects (Office of Special Programs, HRSA)	Indeterminate	Constructs, renovates, expands, equips, or modernizes healthcare facilities and other healthcare related facilities
21	Demonstration Projects for Indian Health (IHS)	Wyoming is not a recipient of this grant.	• Promotes improved healthcare among American Indians and Alaska Natives through research studies and demonstration projects, addressing such issues as: ➢ Elder care ➢ Women's healthcare ➢ Children and youth initiatives

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
22	Trauma Care Systems Planning and Development: Rural Emergency Medical Services (EMS) / Trauma Care (Division of Healthcare Emergency Preparedness, Special Programs Bureau, HRSA)	• Wyoming Department of Health, Emergency Medical Services ➢ $40,000 for August 1, 2004 to July 31, 2005	Provides grants to public and private nonprofit entities for the purpose of carrying out research and demonstration projects with respect to improving the availability and quality of emergency medical services in rural areas
23	Community Mental Health Service Block Grants (Substance Abuse and Mental Health Services Administration (SAMHSA))	• Wyoming Department of Health, Mental Health Division ➢ $500,000 October 1, 2004-September 30, 2005	• Provides financial assistance to states and territories to enable them to carry out the state's plan for providing comprehensive community mental health services to adults with a serious mental illness and to children with a serious emotional disturbance • Monitors the progress in implementing a comprehensive community based mental health system • Provides technical assistance to states and the Mental Health Planning Council that will assist the states in planning and implementing a comprehensive community based mental health system

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
24	Prevention and Treatment of Substance Abuse Block Grants (SAMHSA)	• Wyoming Department of Health, Substance Abuse Division ➢ $3,639,200 for October 1, 2004 to September 30, 2005 ➢ $3,340,190 for October 1, 2003 to September 30, 2005	Provides financial assistance to states and territories to support projects for the development and implementation of prevention, treatment and rehabilitation activities directed to the diseases of alcohol and drug abuse
25	Maternal and Child Health Early Childhood Comprehensive Systems Planning (HRSA)	• Wyoming Department of Public Health, Maternal and Child Health Division ➢ $200,000 for two-year funding period	Helps states plan, develop, and ultimately implement collaborations and partnerships to support families and communities to raise children that are healthy and ready to learn at school entry
26	Public Health Injury Surveillance and Prevention Program (CDC)	Indeterminate	Enables state public health agencies to develop or strengthen their organizational focus related to the prevention and control of injuries and to develop or strengthen their injury surveillance programs, particularly those with a focus on traumatic brain injury (TBI)
27	State Agency Partnerships for promoting Child and Adolescent Mental Health (HRSA)	Indeterminate	Develops and models partnerships with state mental health, substance abuse, healthcare financing, education, human services, justice and other relevant agencies for improving the mental health status of school-aged children and adolescents

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
28	Building State, Territorial and Tribal Capacity to Address Children's Environmental Health: Environmental Triggers of Childhood Asthma (Environmental Protection Agency)	Indeterminate	Identifies projects that will build state, territorial, and tribal capacity to address the environment triggers of childhood asthma
29	State Mental Health Data Infrastructure Grants for Quality Improvement (SAMHSA)	Wyoming is not a recipient of this grant.	Funds state mental health authorities to develop or enhance their data infrastructure to improve management of mental health service delivery
30	Rural Health Research Centers Grant (Office of Rural Health Policy, HRSA)	• WWAMI Rural Health Research Center • The University of Wyoming has not applied for funding from this source as it does not have the infrastructure to support such a program.	• Supports the operation of rural health research centers • Provides one year research grants to new investigators to provide an information base and policy analysis capability on the full range of rural health services issues, including: ➢ Financing ➢ Recruitment and retention of health professionals ➢ Access to care ➢ Health disparities ➢ Rural delivery systems

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
31	Agricultural Health and Safety Programs (CDC)	Wyoming is not a recipient of this grant.	• Addresses the research, education, and intervention activities that are unique to agriculture by establishing centers for agricultural research, education, and disease and injury prevention • Assists in the development, implementation, and maintenance of a model program for the diagnosis, evaluation, and rehabilitation of individuals with occupational respiratory disease and occupational musculoskeletal disorders • Reports and disseminate findings, relevant health and safety education and training information to state health officials, healthcare providers, workers, management, unions, and employers • Funds the placement of public health/occupational health nurses in agricultural communities • Establishes effective disease and injury reporting systems based on the cooperation of healthcare providers, hospitals, and other potential sources and to follow up their information-gathering activities with public health interventions

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
32	Tribal Self-Governance Demonstration Program: Planning and Negotiation Cooperative Agreements and IHS Compacts (Indian Health Service)	Wyoming tribes do not apply for these funds because tribes contract rather than compact.	• Makes financial assistance awards to Indian tribes to enable them to: ➢ Assume programs, functions, services, and activities (PFSA) with respect to which Indian tribes or Indians are primary or significant beneficiaries ➢ Make Planning Cooperative Agreements available that allow a tribe to gather information to determine the current types and extent of PFSAs and funding levels available within its service areas and to plan for the types and extent of PFSAs and funding to be made available to the tribe under a compact ➢ Award Negotiation Cooperative Agreements, which allow tribes to prepare to negotiate for compacting under Self-Governance

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
33	Healthy Start Initiative (Maternal and Child Health Bureau, HRSA)	Wyoming is not a recipient of this grant.	Eliminates disparities in perinatal and women's health by enhancing a community's service system and infrastructure, and a state's infrastructure, directing resources and interventions to improve access to, utilization, and full participation of comprehensive perinatal and women's health services for high-risk women and infants
34	Community-based Integrated Service Systems (Maternal and Child Health Bureau, HRSA)	• Wyoming Department of Health, Community and Family Health Division ➢ FY 2004 $100,000	The Community Integrated Service Systems (CISS) program seeks to reduce infant mortality and improve the health of mothers and children by funding projects for the development and expansion of integrated services at the community level.

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Organization and Infrastructure of the Development of Health Services			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
35	Traumatic Brain Injury Program (Maternal and Child Health Bureau, HRSA)	• Wyoming Protection and Advocacy	• Assists states in expanding and improving state and local capability which, in turn, will enhance access to comprehensive and coordinated services for individuals with TBI and their families • Uses existing research-based knowledge, state-of-the-art systems development approaches and the experience and products of previous TBI grantees in meeting program goals • Generates support from local and private sources for sustainability of funded projects after Federal support terminates, through state legislative, regulatory, or policy changes which promote services for individuals with TBI and their families into the state service delivery systems

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Training and Recruitment of Health Professionals			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
36	Nurse Education, Practice and Retention Program Grant (HRSA)	• University of Wyoming ➢ FY 2004: $249,188	• Increases enrollment in baccalaureate nursing programs • Develops internship and residency programs • Improves access to healthcare for medically underserved populations
37	Northeast Wyoming Rural Nursing Internship and Residency Grant Program (HRSA)	• Campbell County Memorial Hospital ➢ Award amount is unknown for September 1, 2003 to June 30, 2006	• Improves nursing care • Increases retention rates of registered nurses • Improves quality of care for residents by further educating new graduate nurses and registered nurses • Develops a distance learning didactic program, in addition to a three-month mentorship program
38	National Health Service Corps Loan Repayment Program (Division of the National Health Service Corps, Bureau of Health Professions, HRSA)	Wyoming currently has about 24 individuals participating in the National Health Services Corps Loan Repayment Program.	• Ensures an adequate supply of trained health professionals • Assists with the repayment of qualifying educational loans in return for service to populations located in selected health professional shortage areas

Training and Recruitment of Health Professionals			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
39	Indian Health Service Educational Loan Repayment (IHS)	Wyoming currently has three family practice physicians and one dentist participating in the program.	• Ensures that the IHS has an adequate supply of trained health professionals for Indian health program facilities • Provides for the repayment of educational loans for participants who agree to serve an applicable period of time at a facility IHS has designated as a loan repayment priority site or in a designated specialty at a site with an appropriate position
40	Allied Health Special Projects (Bureau of Health Professions, HRSA)	There are currently no educational institutions in Wyoming that receive funding.	• Expands enrollment in allied health disciplines that are in short supply or whose services are most needed by the elderly • Provides rapid transition training programs in allied health fields to individuals who have baccalaureate degrees in health-related sciences • Establishes community-based training programs that link academic centers to rural clinical settings • Provides career advancement training for practicing allied health professionals • Expands or establishes clinical training sites for allied health professionals in medically underserved or rural communities in order to increase the

Training and Recruitment of Health Professionals			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
			number of individuals trained • Develops curriculum that will emphasize knowledge and practice in the areas of prevention and health promotion, geriatrics, long-term care, home health and hospice care, and ethics • Expands or establishes interdisciplinary training programs that promote the effectiveness of allied health practitioners in geriatric assessment and the rehabilitation of the elderly • Expands or establishes demonstration centers to emphasize innovative models to link allied health, clinical practice, education, and research • Meets the costs of projects to plan, develop, and operate or maintain graduate programs in behavioral and mental health practice

Training and Recruitment of Health Professionals			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
41	Quentin N. Burdick Programs for Rural Interdisciplinary Training (Bureau of Health Professions, HRSA)	There are no training programs in Wyoming that receive funding.	• Uses new and innovative methods to train healthcare practitioners to provide services in rural areas • Demonstrates and evaluates innovative interdisciplinary methods and models designed to provide access to cost-effective comprehensive healthcare • Delivers healthcare services to individuals residing in rural areas • Enhances the amount of relevant research conducted concerning healthcare issues in rural areas • Increases the recruitment and retention of healthcare practitioners from rural areas and make rural practice a more attractive career choice for healthcare practitioners
42	Matching Grants for Health Professions Scholarships to Indian Tribes (Indian Health Service)	Wyoming does not apply for these funds because there is no source for the non-federal match.	• Provides scholarships to Indians for health professions education through Indian tribes and tribal organizations • Provides eventual job placement within the service area of the grantee organization to fulfill service obligation

Training and Recruitment of Health Professionals			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
43	Mental Health Clinical and AIDS Service-Related Training Grants (Substance Abuse and Mental Health Services Administration (SAMHSA))	Neither the Wyoming HIV/AIDS/Hepatitis Program nor the Mental Health Division receives funding.	• Encourages mental health specialists to work in areas and settings where severe shortages exist • Increases the number of qualified minority personnel in the mental health professions, and the number of mental health personnel trained to deal with the special problems of: ➢ Children ➢ Adolescents ➢ Elderly ➢ The seriously mentally ill ➢ Rural populations • Assures that the skills and knowledge of mental health personnel are appropriate to the needs of those they serve • Assists state mental health authorities in the development of human resources

Training and Recruitment of Health Professionals			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
44	National Health Service Corps Scholarship Program (Division of the National Health Service Corps, Bureau of Health Professions, HRSA)	Wyoming receives funding under the primary Care Office Cooperative Agreement to administer the grant in Wyoming. Wyoming has recently placed a NHSC family physician in Wheatland, and had several NPs placed in the past.	• Provides service-obligated scholarships to health professions students to ensure an adequate supply in U.S. Health Professional Shortage Areas (HPSAs) of: ➢ Primary care physicians ➢ Certified nurse midwives ➢ Certified family nurse practitioners ➢ Physician assistants ➢ Other health professionals
45	Health Professions Recruitment Program for Indians (IHS)	Wyoming does not currently receive funding.	• Identifies American Indians and Alaska Natives with a potential for education or training in the health professions, and encourages and assists them to enroll in health or allied health professional schools • Increases the number of nurses, nurse midwives, nurse practitioners and nurse anesthetists who deliver healthcare services to American Indians and Alaska Natives • Places health professional residents for short-term assignments at IHS facilities as a recruitment aid

Training and Recruitment of Health Professionals			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
46	Health Professions Preparatory Scholarship Program for Indians (Indian Health Service)	IHS is not aware of any Wyoming individuals who participate in this program.	Provides scholarships to American Indians and Alaska Natives for the purpose of completing compensatory pre-professional education to enable the recipient to qualify for enrollment or re- enrollment in a health professions school or curriculum
47	Health Professions Scholarship Program (Division of Health Professions Support, Indian Health Service)	IHS is not aware of any Wyoming individuals who participate in this program.	• Provides scholarships to American Indians and Alaska Natives at health professions schools in order to obtain health professionals to serve Indian • Obligates recipients to serve in the IHS or an Indian health organization for each year of support with a minimum of 2 years
48	Tribal Recruitment and Retention of Health Professionals into Indian Health Programs (IHS)	Wyoming is not a recipient of this grant.	Provides financial assistance awards to Indian tribes and tribal and Indian health organizations to enable them to recruit, place, and retain health professionals to fill critical vacancies and to meet the staffing needs of Indian health programs and facilities including those administered by IHS
49	Indians Into Medicine Program (IHS)	Wyoming is not a recipient of this grant.	Encourages Indians to enter health professions and removes the multiple barriers to their entry into IHS and private practice among Indians thereby increasing the number of Indian health professionals serving Indians

Training and Recruitment of Health Professionals			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
50	American Indians Into Psychology (IHS)	Wyoming is not a recipient of this grant.	Encourages Indians to enter health professions and removes the multiple barriers to their entry into IHS and private practice among Indians thereby increasing the number of Indian health professionals serving Indians

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Health Service Expansion			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
51	State Planning Grant: Covering Wyoming's Uninsured (HRSA)	• Wyoming Department of Health ➢ FY 2002: $1,000,000; leftover funds have been transferred to the Wyoming Healthcare Commission to support its work. ➢ Wyoming Healthcare Commission, in collaboration with the Wyoming Department of Health, has applied for additional State Planning Grant funding.	• Develops plans for providing access to affordable health insurance coverage to all of a state's citizens. Previous state approaches provide health insurance benefits similar to: ➢ Federal Employees Health Benefit Plan ➢ Medicaid ➢ Coverage offered to state employees
52	State Oral Health Collaborative Systems Grant (HRSA)	• University of Wyoming ➢ FY 2003: $50,000	• Strengthens collaborative efforts to improve oral health services for children and increase their access to those services • Bolsters state oral health programs whose patients are women and children eligible for Medicaid and the State Children's Health Insurance Program
53	Black Lung Clinic Grant (HRSA)	• Northwest Community Action Programs of Wyoming, Inc. ➢ FY 2002: $236,720	• Seeks out and provides services to miners (active and inactive) with the intention of minimizing the effects of respiratory impairment • Increases coordination with other services and benefits programs to meet the health-related needs of miners

Health Service Expansion			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
54	Maternal and Child Health Services Title V Block Grant (HRSA)	• Wyoming Department of Health ➢ FY 2002: $3,853,098 ➢ Federal Share: $1,333,642 ➢ State Share: $2,519,456	• Reduces infant mortality and incidence of handicapping conditions among children • Increases the number of children appropriately immunized against disease • Increases the number of children in low-income households who receive assessments and follow-up diagnostic and treatment services • Provides and ensures access to: ➢ Comprehensive perinatal care for women ➢ Preventative and child care services ➢ Comprehensive care, including long-term care services, for children with special healthcare needs ➢ Rehabilitation services for blind and disabled children under 16 years of age who are eligible for Supplemental Security Income • Facilitates the development of comprehensive, family-centered, community-based, culturally competent and coordinated systems of care for children with special healthcare needs

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Health Service Expansion			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
55	Maternal and Child Health Services Title V Block Grant, Abstinence Education Programs (HRSA)	• Wyoming Department of Health, Community and Family Health Division ➢ FY 2004 $74,000	
56	Community Service Block Grants (Administration for Children and Families Office of Community Services)	• Wyoming Department of Health ➢ FY 2004: $3,500,000	• Provides funding to communities to conduct needs assessment and fund mostly social and some healthcare services • Provides funds to ameliorate the causes and conditions of poverty through skills enhancement training
57	Rural Health Outreach Grant Program (HRSA)	Wyoming is not a recipient of this grant.	• Promotes rural healthcare services outreach • Expands the delivery of healthcare services to include new and enhanced services in rural areas
58	Community and Migrant Health Centers Grant (HRSA, Bureau of Primary Healthcare)	Wyoming Health Council	Provides administration and management for the migrant health program that includes a migrant health clinic in Powell, outreach services to migrants in Park, Fremont, Big Horn and Washakie Counties and a healthcare voucher program in the off-season

Wyoming Rural Healthcare Study, Appendices: Appendix 9

Health Service Expansion			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
59	Special Programs for the Aging Title III, Part B Supportive Services (Administration on Aging, Office for Community-Based Services)	• Wyoming Department of Health, Office on Aging ➢ $1,762,299 for October 1, 2003 to September 20, 2004	• Provides resources to develop and implement comprehensive and coordinated community-based systems of service for older individuals via statewide planning, and area planning and provision of supportive services, including multipurpose senior centers • Maximizes the informal support provided to older Americans to enable them to remain in their homes and communities
60	Special Programs for the Aging Title III, Part C Nutrition Services (Administration on Aging, Office for Community-Based Services)	• Wyoming Department of Health, Office on Aging ➢ $2,596,996 for October 1, 2003 to September 20, 2004	Provides formula grants to states to support nutrition services including nutritious meals, nutrition education and other appropriate nutrition services for older Americans in order to maintain health, independence and quality of life
61	Special Programs for the Aging Title III, Part D In-home Services and (Administration on Aging, Office for Community-Based Services)	• Wyoming Department of Health, Office on Aging ➢ $108,508 for October 1, 2003 to September 20, 2004	Provides grants to states for in-home services to frail older individuals, including in-home supportive services, personal care, and other state-defined services for older individuals who are victims of Alzheimer's disease and related disorders with neurological and organic brain dysfunctions, and to the families of such victims

Health Service Expansion			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
62	Special Programs for the Aging Title III, Part E National Family Caregiver Support (Administration on Aging, Office for Community-Based Services)	• Wyoming Department of Health, Office on Aging ➢ $760,609 for October 1, 2003 to September 20, 2004	• Provides funds for multifaceted systems of support services for family caregivers or grandparents or older individuals who are relative caregivers, including: ➢ Information for caregivers about available services ➢ Assistance to caregivers in gaining access to the services ➢ Individual counseling, and caregiver training to caregivers to assist the caregivers in making decisions and solving problems relating to their caregiving roles ➢ Respite care to enable caregivers to be temporarily relieved from their caregiving responsibilities ➢ Supplemental services, on a limited basis, to complement the care provided by caregivers
63	Special Programs for the Aging Title VI, Part A, Grants to Indian Tribes (Administration on Aging, Office of American Indian, Alaskan Native, and Native Hawaiian Programs)	• Three-year non-competitive grants awarded directly to federally recognized tribes. FY April 1, 2003 to March 31, 2006. ➢ Northern Arapahoe Tribe $90,000 ➢ Shoshone Business Council $81,000	• Provides project grants to promote the delivery of supportive services, including nutrition services, to older Indians, Alaskan Natives, and Native Hawaiians • Enables tribal organizations to provide multifaceted systems of support services to family caregivers

Health Service Expansion			
Number	**Federal Grants and Funding Opportunities (Awarding Government Entity)**	**Wyoming's Grantee and Award**	**Grant's Purpose**
64	Special Programs for the Aging Title VII, Chapter 2 Long Term Care Ombudsman Services for Older Individuals	• Wyoming Department of Health, Office on Aging ➢ Chapter 2: $70,668	• Provides funds for the investigation and resolution of complaints made by or on behalf of residents of nursing homes or other long-term care facilities • Promotes policies and practices needed to improve the quality of care and life in long-term care facilities and educate both consumers and providers about residents' rights and good care practices
65	Special Programs for the Aging Title VII, Chapter 3 Programs for Prevention of Elder Abuse, Neglect, and Exploitation.	• Wyoming Department of Health, Office on Aging ➢ Chapter 3: $25,578	• Supports activities to develop, strengthen, and carry out programs for the prevention and treatment of elder abuse, neglect, and exploitation, including: • Providing for public education and outreach ➢ Ensuring the coordination of services provided by area agencies on aging with services instituted under the state adult protection service program ➢ Promoting the development of information and data systems, including elder abuse reporting systems, to quantify the extent of elder abuse, neglect, and exploitation in the state ➢ Conducting analyses of state

Health Service Expansion
